TESTING *without* SPECS

A TALK BY

Majd Uddin

MS (CS), BE (Mech)

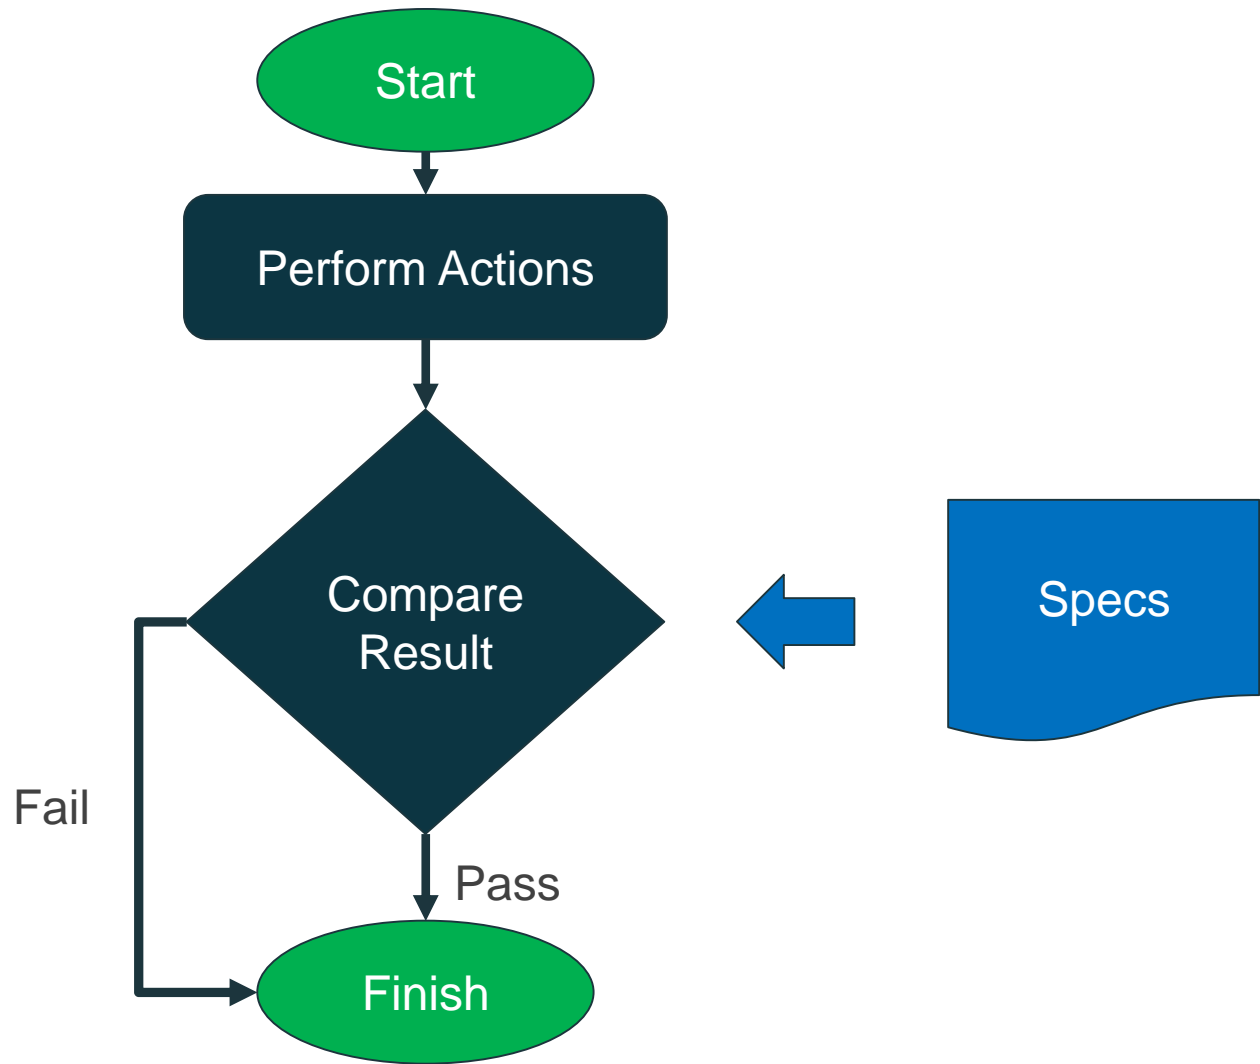

Interest in Quality since
1996

Promoting software quality at:

<http://knowledgetester.org>

Sr. Manager Software Quality at Bentley
Systems Pakistan

Director, Pakistan Software Testing Board

“Any Specification
that you find is in fact
Specifiction”

Helena Jeret-Mäe

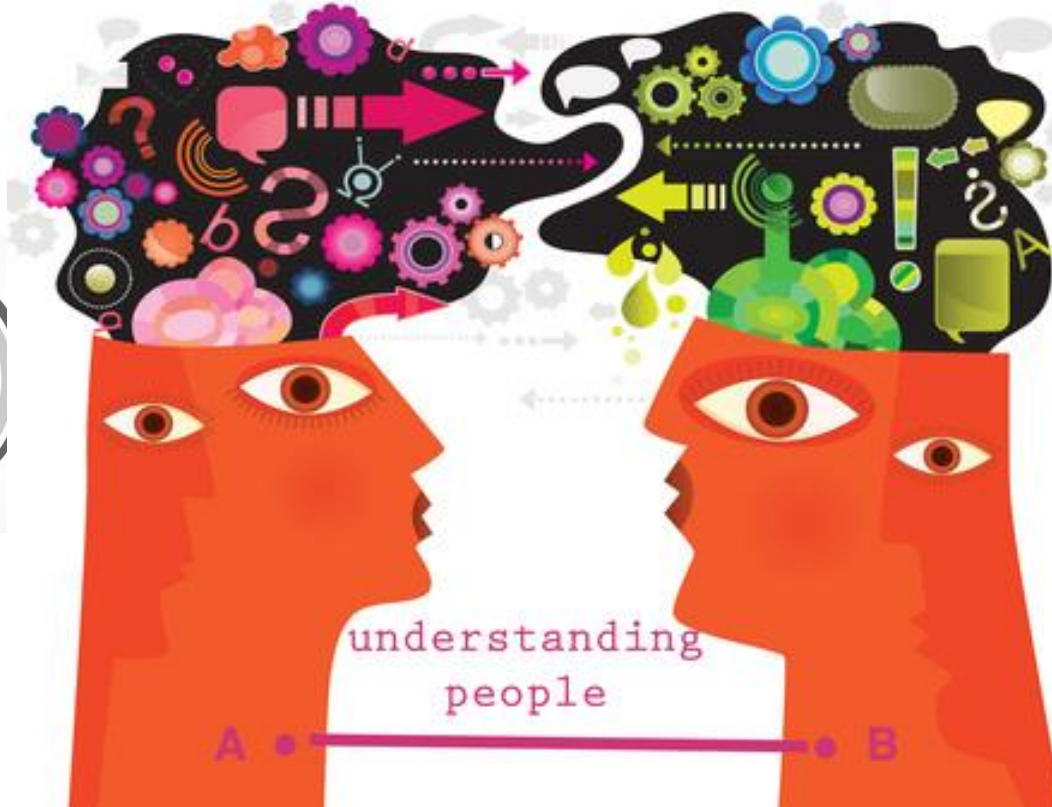

@HelenaJ_M

I had a typo on my slide: specifiction.

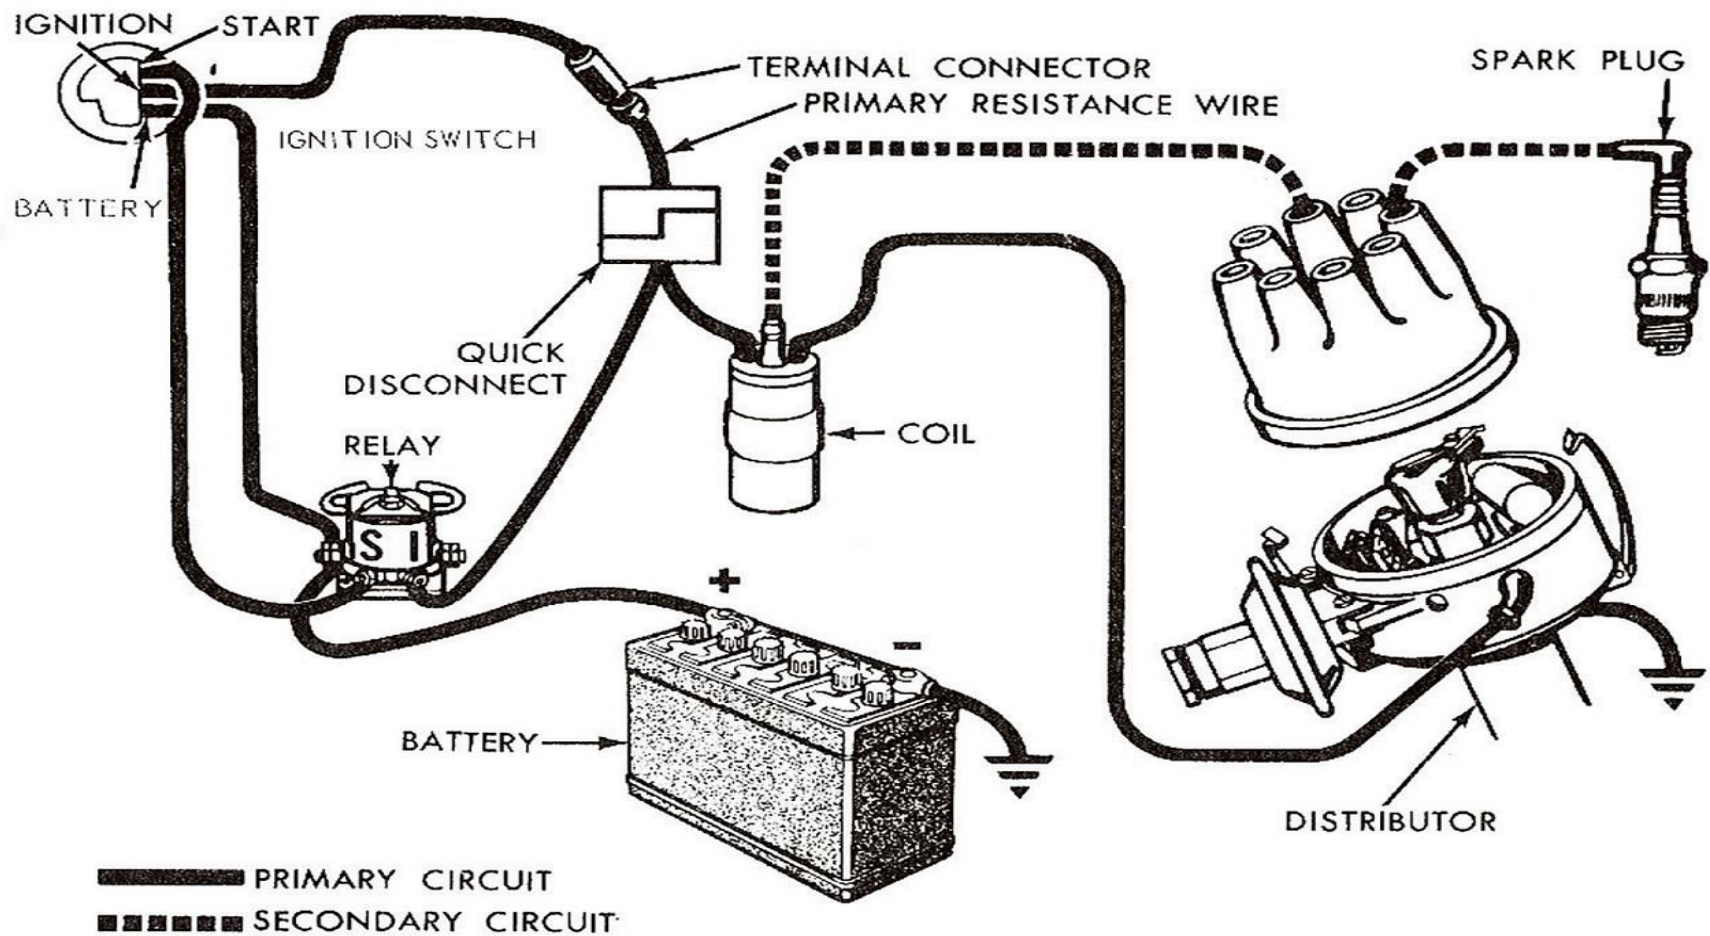

حوادث و گردش زمانه و کلائنت و مینیجمنت

TALK TO THE PEOPLE RATHER THAN READ DOCUMENTS

گو نہ سمجھوں اس کی باتیں، گو نہ پاؤں اس کا بھید
پر یہ کیا کم ہے کہ مجھ سے وہ پر کی سیکر کھلا

پروگرامر مینیجر ڈائریکٹر

KNOW INTERNALS OF YOUR SOFTWARE

- Can you draw architecture diagram?
- Do you have (Read-only) access to code?
- Do you know what changed?
- Do you know each Configuration?

ACTUAL ENTRIES FROM DIFF REPORT

=====

Repository Name

=====

7953 `FirstName.SecondName` 2017-03-17 [`Unique Id`]

Support for VS 2017.

4645 `FirstName.SecondName` 2017-03-14 [`Unique Id`]

EN: fixed incorrect `VARIABLE_NAME` in `filename.h`

1461 `FirstName.SecondName` 2017-03-15 [`Unique Id`]

Changes to `ClassName` to support schema upgrade workflows

17007 `FirstName.SecondName` 2017-03-03 [`Unique Id`]

`Issue#1234`: `Some` engine performance improvements.

**“Devil is in the details.
So is Testing.”**
